***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: The method as claimed is not disclosed or taught by the prior art with the steps of transporting a detector along a circular curve assumed to be intersected by a circular curve defined by an edge of an end head, measuring an angle position of the detector, detecting intersecting points between the circular curve traveled by the detector and the edge of the end head, and calculating a position of the center point of the end head as claimed. The prior art also does not teach or disclose an apparatus as claimed with a grab comprising a body, elements for gripping an end head, and a predefined tool point, a measuring device operable to determine an angle of rotation of a measuring arm around the rotation shaft, and a detector attached to the measuring arm operable for detecting passage of an edge of the end head over the detector.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher W. Fulton whose telephone number is (571) 272-2242. The examiner can normally be reached on M-Th 5:30-3:00.
